- At the commencement of the contract a deposit fee of 1 months fee is payable.
- We will charge a 10% surcharge on fees paid after the 10th of the month, unless prearranged.
- This deposit is in lieu of one month's notice should the rider wish to terminate the contract.

HOW THE CONTRACT SYSTEM WORKS

This system has been designed in a way that allows riders to have regular tuition and outrides at a reasonable rate. It is calculated over a period of twelve months and entitles the rider to weekly ride/lesson. There are at least 3 months of the year when a rider will ride 5 times in that month. This allows for the riders annual vacation. Should the client be unable to make their appointment and notify us more than 2 hours before the booking this will be kept as a credit to be used by the client when convenient for Sunlands Stables. The contract is individual and thus rides on this system are not interchangeable for other people. Should the rider wish to discontinue their contract, one calendar month's notice is essential. Should the rider wish to temporarily (3 months or less) discontinue their payment for illness, vacation or business reasons, subsequent cash rates will apply.

PLEASE NOTE

We are one of the few riding establishments that remain open on public holidays and over the Christmas period to allow people to make up credits. We are also prepared to give extra lessons at our client's convenience. We are proud of are standards and our happy well kept horses.

WE HOPE YOU ENJOY YOUR RIDING
